About Me

Highly motivated and dedicated Software Engineering student with a passion for crafting efficient and innovative solutions. Proficient in various programming languages and eager to apply theoretical knowledge to real-world projects. Strong problem-solving skills and a keen eye for detail, combined with a collaborative mindset for effective teamwork. Seeking opportunities to contribute my skills and learn from experienced professionals in a dynamic software development environment.

Skills

- Web Design
- Java Application Development
- Android App Development
- CREATIVE DESIGN
- Problem solver
- Adobe (Ps,XD)
- UI Design
- Working as a team
- Time management
